

Kristina Prince joins West Michigan Partnership for Children

Prince brings an attention to detail and passion for strengthening families to her position as Data Coordinator

Kristina Prince is the newest team member to join West Michigan Partnership for Children (WMPC) as a Data Coordinator on May 7, 2018. Before joining WMPC, Prince worked for Catholic Charities West Michigan supporting their family preservation program, Families First of Michigan.

In her previous position, Prince gained proficiency in using data management systems to track performance outcomes and payments for Families First. This position sparked her passion for innovative approaches to improve outcomes for children and families impacted by the child welfare system.

In her new role with WMPC, Prince will use her organizational skills and industry experience to ensure WMPC's partners are promptly paid and to help troubleshoot data tracking issues. Prince will support WMPC's Contract and Financial Analyst and Chief Financial Officer in processing manual payments within Michigan's child welfare database, MISACWIS, and WMPC's Sage Intacct accounting system while managing an Access database.

Prince has a Certification as an Administrative Health Assistant from the National Association for Health Professionals.
